(54) OXIDIZER COMPOSITION, AND HAIR COLOR OR HAIR DECOLORANT

(57)Abstract:

PROBLEM TO BE SOLVED: To provide an oxidizer composition capable of being used for a one-pack, two-pack or three-pack hair color or hair decolorant, scarcely damaging the hair, and having a good conditioning effect on the hair.

SOLUTION: This oxidizer composition is used for the one-pack, two-pack or three-pack hair color or hair decolorant and contains at least an oxidizer, wherein the oxidizer composition is compounded with a silicone compound having a low kinematic viscosity together with another silicone compound having a high kinematic viscosity of which the both have such a chemical structure as the same to each other. Methylpolysiloxane is preferably used as the silicone compounds.

LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]
